Sesame Street Inspired DIY Favor Bags

Materials:

1. colored gift bags with handles. these templates were designed to fit 5.5" w x 8.5" h bags.
2. construction paper (if you are using these shapes as a template)
3. scissors
4. glue
5. purple pipe cleaners (for Abby Cadabby)

Directions: follow the reference images and as long as you can cut out some circles, you'll do great! also, it helped to cut out all the large white circles and all the small black circles at the same time (fold the paper).

Burt
